

# Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: April 7-8, 2004

Reference No.: 2.5f.(3)  
Information Item

From: ROBERT L. GARCIA  
Chief Financial Officer

Prepared by: Larry Barnes  
Acting Division Chief  
Division of Budgets

Ref: **INFORMATIONAL REPORT - SEISMIC RETROFIT PROJECT PHASE 2 ALLOCATION**

## **SUMMARY:**

Pursuant to the authority granted by Resolution G-11, State Highway Account funds of \$1,164,000 have been allocated for one (1) Seismic Retrofit Phase 2 project described below.

Project #1. North of Novato at the Redwood Landfill. This project is offsite environmental mitigation for a previously constructed seismic retrofit at the Sonoma Creek Bridge, at the Sonoma/Solano County Line on Route 37. This mitigation includes the construction of a levee approximately 1,800 feet long and the creation of a minimum of 85 acres of wetland.

## **BACKGROUND:**

On March 30, 1994, the California Transportation Commission delegated to the Department of Transportation authority to allocate funds by Resolution G-11, as amended by Resolution G-00-11, for seismic retrofit projects. This authority allows the Department of Transportation to begin work without waiting for the next California Transportation Commission meeting to receive an allocation.

This project is part of the legislatively mandated Bridge Seismic Retrofit Program (SB131), approved by the Governors Office on March 15, 1994.
